About NTC

Founded in 2013, NTC is a theater company based in Newton whose mission is to create excellent works of art in new ways by using talent from around the Greater Boston area. Our productions, performed in and around Newton, include original stagings of contemporary and classical literature, new plays and devised pieces. Our goal is to promote community through artistic expression. Eager to partner with other local non-profit organizations, we choose meaningful material that fosters civically-engaged audiences. We strive to promote accessibility; at least one production every year is free of charge.

For more information about NTC and our upcoming performances, check out our website and join our mailing list at
